

WEDI NOS

The logo consists of the text 'WEDI' stacked above 'NOS' in a bold, black, sans-serif font. A red ECG line starts at the bottom left, crosses the 'W' and 'E' of 'WEDI', and continues horizontally across the 'D' and 'I'. A white silhouette of a person stands within the 'I' of 'WEDI'. A grey shadow is cast to the right of the person silhouette.

Flubromazolam

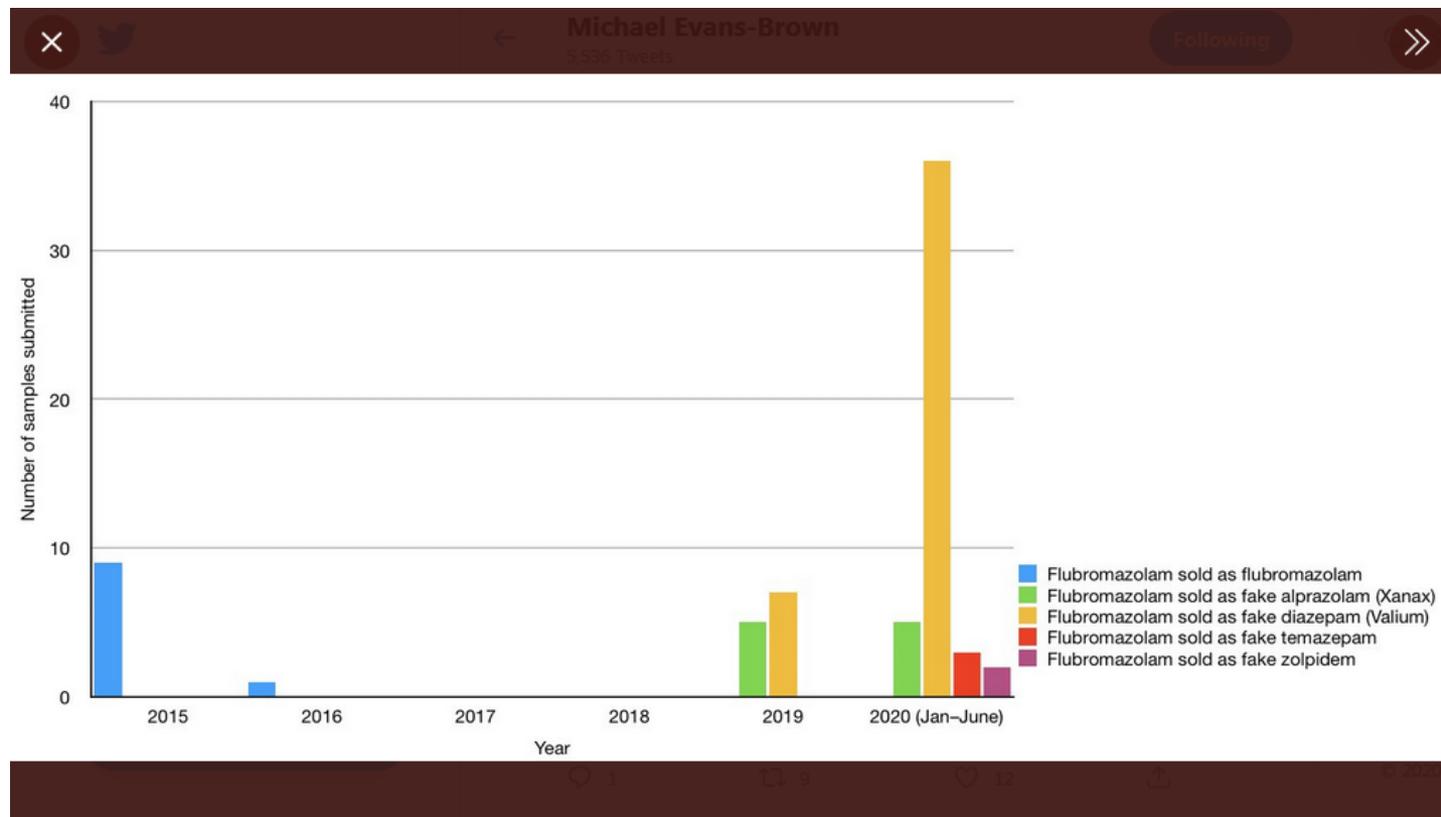

Michael Evans-Brown
@mevansbrown

Fascinating to see how flubromazolam evolved on @WEDINOSProject from novel benzodiazepine sold under its own name between 2015–16 to being used to make fake alprazolam (Xanax) and diazepam (Valium) during 2019–20. Also note the big increase during the first 6 months of 2020.

Bye bye flualprazolam. Hello (again) flubromazolam?
